Waste Management**

**SCE&G-FLEET MANAGEMENT SITE
1409 Huger Street, Columbia**

**Notices of On-Site Removal Activities &
Availability of Administrative Record**

The South Carolina Department of Health and Environmental Control (“DHEC”) notifies residents of soil removal activities expected to begin the week of September 11, 2006, at the SCE&G-Fleet Management Superfund Site (the “Site”). The Site is located in Richland County at 1409 Huger Street, Columbia, SC. DHEC will oversee the removal of contaminated soil from the Site property and the collection of soil samples to ensure all contaminated soils are removed. Thereafter, clean soil will be placed in the excavated area. Questions regarding these Site activities should be addressed to DHEC project manager, Lucas Berresford, at 803-896-4071 or by email at berresjl@dhec.sc.gov.

DHEC also announces the availability of the Administrative Record (“AR”) on September 7, 2006, at the Richland County Main Library at 1431 Assembly Street in Columbia and at the DHEC’s Bureau of Land & Waste Management (“BL&WM”) office at 8911 Farrow Road in Columbia. The AR includes documents that form the basis for the selection of the removal action. DHEC has provided a notice written for the area residents regarding the removal. All interested persons are encouraged to review the Administrative Record. For an appointment to review the Administrative Record at BL&WM office, contact Jody Hamm at 803-898-3817 or by email at hammjm@dhec.sc.gov.
